OFFICE OPPORTUNITY WITH SIGNIFICANT BUILDING RENOVATIONS COMING SOON!

BUILDING RENOVATION

4Pike is undergoing a full building overhaul by LBA Realty, designed by award-winning architecture firm Olson Kundig. Renovations will include:

Exterior street-level upgrades to the lower facade and overhangs

Updated lobby finishes to brighten and enhance the appearance while retaining its historic character

New building-standard restrooms

Fifth floor conference and amenities center with exterior deck space for tenants and guests

Open floorplates creating a blank canvas for dynamic space creation

Full review of seismic and systems, new construction-quality core and shell

“

The renovation of the 1926 Liggett Building updates a key site in Seattle's downtown core, supporting ongoing improvements along the Pike/Pine corridor and reestablishing the building as a marquee destination. The tower's façade features the finest example of Gothic terra cotta ornamentation in Seattle, complemented by a dark stone base and visual transparency into the lobby and retail areas.

Thoughtful restoration of this historic building included stripping away modern insertions to express the original concrete frame and wooden windows, while introducing updated amenities that modern tenants desire.

Kirsten Murray, FAIA, Design Principal, Olson Kundig

”
